- Responsible for UI/UX including: main menu transitional phases, BGM/sound effects, and event handling.
- Built with Python/Pygame

WORK EXPERIENCE

Employees' Retirement System of Georgia | Atlanta, GA   February 2019 – November 2019
Pension Analyst
- Performed reconciliation audits of financial accounts, alongside forecasting benefit estimates based on retirement dates/ages, differentiating salaries, retroactive service periods, unposted contributions, and interests.
- Served as an advisor in member appointments to educate and help in the facilitation of Public Schools and ERS retirement processes.

Self-Employed (Family business) | Lawrenceville, GA   August 2018 – February 2019
Real Estate Assistant
- Researched and obtained information through public records and FMLS systems to help in the generation of new listings.
- Created promotional ads and brochures to increase traffic conversion rates.
- Maintained recordkeeping of listings, sales, closing files through QuickBooks to reduce data-retrieval time.

Chubb Insurance | Alpharetta, GA   August 2017 – July 2018
Workers Compensation Technical Assistant
- Created medical reserves for incurred claims to forecast the future annual expenses based on past trends of Rx type/usage, medical treatment cost/frequency, co-morbidities and calculations through NCCI formulation methods.
- Handled an inventory of lifetime medical claims totaling $800,000 through the management of future medical bills, monitoring of appropriate medical treatment approved by utilization review, and issuance of reimbursement payments.
- Served as a liaison between internal and external parties while ensuring superior communication via phone call/emails; addressing concerns, assisting in the settling of claims, solving billing issues, authorizing appropriate Rx and medical treatment, while avoiding state penalties.
